What A Promise!
John 15:26 - 16:15

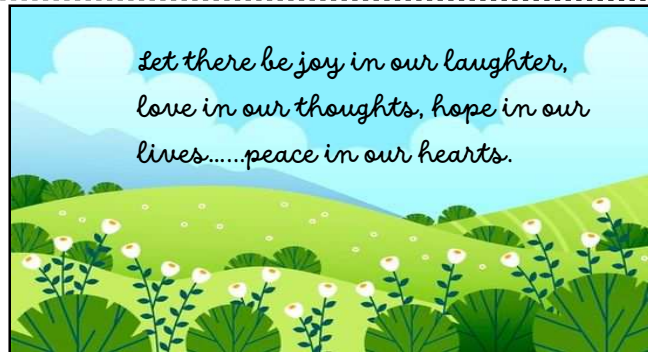

From the moment that time began, many things have changed creation in a significant way. Scientific discoveries, advances in medicine, natural disasters and acts of violence have all had their influence, but the Bible records seven events that have altered this world in which we live in ways that we can scarcely comprehend or even fully appreciate. God's love and desire for companionship and fellowship led to one of the most dramatic events that can ever be envisioned, the creation of human life.

- We were created to be in love and fellowship with God, but _____ interfered with that plan.
- Because of sin, _____ became part of life.
- Jesus' death and resurrection brings the offer of _____ _____ to a world facing _____ _____.
- The _____ _____ invites us to follow Jesus and live.
